

The image features a dark, textured background composed of a repeating pattern of interlocking triangles. The triangles are arranged in a way that creates a three-dimensional, faceted effect, with some triangles appearing to be recessed or raised. The overall color palette is monochromatic, ranging from deep black to dark charcoal grey. In the center of the image, the word "ECOBREX" is written in a bold, metallic, sans-serif font. The letters have a brushed metal texture and a slight 3D effect, with highlights and shadows that make them stand out against the background. A small registered trademark symbol (®) is located at the top right of the word.

ECOBREX[®]

PROUD AMERICAN COMPANY WITH NUMEROUS DEALERS AND DISTRIBUTION OUTLETS WORLDWIDE.

ABOUT

Ecobrex sets the standards and trends in the highly dynamic automotive aftermarket parts industry, always staying a step ahead of the competition. Using the latest cutting-edge technologies, impeccable design processes and precision, Ecobrex proudly supplies products adhering to the highest standards, ensuring both quality and safety.

MISSION

To deliver precision and top quality products through ensuring safety and durability, and provide affordable solutions through ground-breaking manufacturing processes and innovation in the distribution networks. Ecobrex aims at creating the ultimate experience for all customers and clients through continuous efforts to achieve perfection.

PREMIUM

METALLIC BRAKE PADS

Ecobrex Premium Metallic Brake Pads product line is perfected to offer optimal heat resistance under varying driving conditions and exceptional stopping power in shorter distances.

These metallic brake pads are engineered and manufactured using only the first-rate friction material and are 100% asbestos free, making them exceedingly rotor-friendly and ultra-quiet with no break-in required, as well as minimizing the environmental impact.

PREMIUM

CERAMIC BRAKE PADS

Ecobrex Premium Ceramic Brake Pads deliver outstanding performance, perfect fit and the best quality through fully complying with strict Original Equipment (OE) standards. The pads' exceptional serviceability combined with 100% asbestos-free content greatly eliminate dust, noise, vibration and harshness (NVH).

Ecobrex ceramic pads convey improved stopping power and durability, in addition to reducing rotor wear, making them the ideal choice for upgrading from regular, conventional pads.

PREMIUM

DYNAMIC BRAKE PADS

Ecobrex Premium Dynamic Brake Pads deliver outstanding performance, perfect fit and the best quality through fully complying with strict Original Equipment (OE) standards. The pads' exceptional serviceability combined with 100% asbestos-free content greatly eliminate dust, noise, vibration and harshness (NVH).

Ecobrex dynamic pads convey improved stopping power and durability, in addition to reducing rotor wear, making them the ideal choice for upgrading from regular, conventional pads.

PREMIUM

BRAKE SHOES

Ecobrex Premium Brake Shoes are manufactured to match OE specifications, ensuring noise reduction, enhanced stopping power and durable performance.

PREMIUM CV BRAKE PADS

Ecobrex Premium Commercial Vehicle (CV) Brake Pads deliver the best-in-class when it comes to safety, quality and braking comfort, as confirmed by numerous tests. A very high friction coefficient ensures consistent and improved braking power while high fade resistance guarantees maximum product life.

Ecobrex CV brake pads exceptional durability, unquestioned safety and greatly reduced wear to address the challenges commercial vehicles face, from light commercial to heavy-duty and off-highway vehicles, meeting and exceeding OE manufacturer requirements.

PREMIUM DISC BRAKE ROTOR

Ecobrex Premium Disc Brake Rotors line dictates the aftermarket trends with first-to-market applications for a variety of part numbers and industry-wide coverage. The key features of Ecobrex disc rotors include enhanced corrosion protection, reinforced distortion resistance and greatly improved noise reduction when braking.

Ecobrex Disc Brake Rotors are made from the best available G3000 cast iron material and provide a consistent surface hardness variation in order to deliver the optimal braking experience. Perfect OE fit and precise installation make Ecobrex disc brake rotors the ideal choice when it comes to durability for high-performance vehicles, reliability for everyday driving or protection against the harshest of elements.

PREMIUM **GAS CHARGED** SHOCK ABSORBER

Ecobrex Premium Gas Charged Shock Absorbers deliver improved control by reducing the harshness experienced on less-than-ideal road conditions. By helping eliminate the risks associated with rough, bumpy and uneven conditions through keeping tires in contact with the road, Ecobrex shock absorbers maintain the safety of both the vehicle and the passengers.

Ecobrex premium shock absorbers deliver OE specified wheel alignment and passenger comfort, enhance brake and tire life, and protect other critical chassis parts from shock-damage.

PREMIUM **AIR** FILTER

Ecobrex Premium Air Filters feature the perfect mix; increased air flow, heightened filtration efficiency, durability and dust holding capacity. The exceptional filtering media used in Ecobrex air filters allow the combustion chamber to operate at maximum efficiency through making it impossible for harmful particles and pollutants to escape, ultimately leading to engine life longevity.

PREMIUM **CABIN AIR** FILTER

Ecobrex Premium Cabin Air Filters are designed to trap allergens, pollens, pollutants and other harmful particles from entering the vehicle cabin with maximum efficiency. The filter is capable of blocking microscopic particles from entry, thus cleaning and freshening the air that is allowed to flow into the passenger cabin, as well as helping control the odors.

PREMIUM **OIL** FILTER

Ecobrex Premium Oil Filters are designed to remove contaminants from vehicle engine oil that can accumulate over time as the oil keeps your engine clean. The filters are manufactured to guarantee reliability, durability, and improve engine life.

PREMIUM **FUEL** FILTER

Ecobrex Premium Fuel Filters aim to provide durability and longevity for the engine by screening harmful particles which can cause wear, such as dust, rust and even water with extreme filtering precision. The filtration of these harmful particles will keep the engine safe and increase fuel efficiency.

PREMIUM **STEERING & SUSPENSION** PARTS

Ecobrex Premium Steering & Suspension Parts include control arms, ball joints, tie rods and stabilizer links, providing a complete driving solution when combined together. All products in this category are designed, engineered and manufactured to meet and often exceed OE requirements, through the use of unparalleled quality materials, maximized functionality and optimal results.

Servicing an impressive range of vehicles, Ecobrex steering and suspension parts are manufactured for the purpose of addressing the needs of the drivers operating their vehicles under varying conditions.

BECOME A DISTRIBUTOR

Ecobrex is always on the lookout for new markets in new countries to expand its distribution network. If you believe your company can establish a successful partnership with us, contact us to find out if you are qualified to apply for this amazing opportunity.

1. Dealer License: Suitable for smaller companies with minimum annual purchase amounts between USD\$100,000 to USD\$250,000.

2. Exclusive Distribution License: Suitable for bigger companies with large volume annual purchase to obtain the exclusive right of distribution in a specific country. Make sure to offer your estimated annual purchase amount per each product category. (Applicants must make the offer based on the country population and number of cars.)

WE ARE CURRENTLY LOOKING FOR MORE DISTRIBUTORS AND RESELLERS IN FOLLOWING REGIONS:
